Jeff Bennett
Chairman

Entellect Solutions Limited announces “EduPoint™” collaboration

EduPoint is the collaboration of two ASX listed companies; Entellect Solutions Limited and UXC Limited. Their subsidiaries MXL Consolidated Pty Ltd and Eclipse Computing (Australia) Pty Ltd, both experts in their fields, bring together over 30 years of industry experience in education, software development, implementation and support to deliver EduPoint.

EduPoint is a modular solution with Microsoft Dynamics AX from Eclipse and MXL’s SMS platform eMinerva and reporting and assessment platform vSTARS as the core applications. EduPoint provides centralised and automated management of student, administrative and academic processes for educational institutions in the K-12, large government technical college and university sectors.

EduPoint is an integrated management application powered by Microsoft software solutions and technologies. As a Microsoft based solution, EduPoint is completely aligned with the Microsoft for Learning Roadmap.

Neil Jackson, Education Director at Microsoft, Australia, states, “EduPoint delivers on Microsoft’s promise to manage business of education. Using a 100% Microsoft platform EduPoint complements today’s broad Microsoft education and collaboration solutions that power our education institutions now and for the future.”

Eclipse is the leading Microsoft Business Solutions provider in the Asia Pacific Region and has recently expanded into the North American market, opening an office in Vancouver. Eclipse has received the Microsoft Dynamics Outstanding Partner of the Year for the last three consecutive years and is a Microsoft Certified Gold Partner. Martin Wildsmith, Business Solutions Director, Eclipse said, “There is a huge opportunity for Eclipse and MXL in the market. EduPoint offers like-minded schools the opportunity to come together and implement one application that will deliver a single, unique student record and simplify the multiple layers of information and data access issues many schools are facing today.”

Joe Younane, CEO Entellect, commented “The collaboration between MXL and Eclipse will create a broader solution for our existing and new education customers, both in Australia and abroad, continues our focus on sales driven opportunities and strengthens our relationship with Microsoft as a Certified Gold Partner.”

entellect solutions

Entellect Solutions Ltd delivers valuable and innovative software-based offerings to meet the expectations and needs of all stakeholders in the education and related markets. ESN currently has 4 mainstream products for client use –

- *eMinerva- a world class Enterprise Student Management System that enables K-12 educators to manage and report against their students' activities.*
- *vSTARS - a leading edge system which allows all stakeholders to participate in planning, recording and reporting on student academic achievements. It has been designed by Australian educators to encourage best practice in the classroom and foster quality communication between parents, students and educators.*
- *vPublisher- an e-book solution for educators, printers and publishers that allows all groups to quickly and cost effectively deliver solutions to their clients. vPublisher holds unique IP that enables rich content to be embedded into an interactive e-Book.*
- *eMinerva 4.6 - A single-site Student Management System that enables educators to have a single point of information for student activity in colleges, higher education providers, corporates and vocational training organizations. The solution is compliant with Australian reporting requirements for local and international students.*
